

Hello, my name is Grace. I'm from South Africa, and what's a _____ (movie / movies) that had an ending that I _____ (hated / hates)?

I would say that _____ (would / want) be 2001, A Space Odyssey. I think that movie is _____ (brilliance / brilliant). It's fantastic and it's _____ (cleverly / clever). It's beautiful, but I hate _____ (a / the) ending. I know it's _____ (mean / meant) to be sort of difficult to understand, but it's _____ (not / now) just difficult. It's also _____ (bored / boring). Maybe it would've been more _____ (interested / interesting) if I'd seen it in the cinema and I wasn't from the era I'm from _____ (new / now). Some of the things are still _____ (rarely / really) amazing, and I can watch some of the really long _____ (shots / shot) because they're _____ (gorgeous / gorge), and some of the things really haven't come to _____ (pass / past). Some of them have, like, video calls, _____ (who / which) is fascinating to see, but the ending goes _____ (over / on) for so long and I really don't like it, and I think it _____ (spoils / spill) the whole film, but it's okay. You don't have to like _____ (ever / every) part of a movie, but that's one I really _____ (hater / hate).
