

Hi, my name is Eulices, and I'm _____ (front / from) Costa Rica. My question is, what _____ (tapes / types) of TV shows do you like _____ (an / and) dislike?

I like science _____ (documents / documentaries) and crime shows a lot, _____ (every / even) when they are _____ (police / policy) dramas because those _____ (our / are) the kind of shows that are _____ (always / almost) showing you something _____ (interested / interesting), and you can learn a lot _____ (for / from) documentaries, _____ (special / especially) if they are _____ (science / scientific). And I do not like _____ (dramatic / dramas) when they are just dramas. When they are _____ (police / polite) dramas or historical or _____ (politician / political) dramas, they tend to _____ (be / been) very interesting. But _____ (what / when) they are just about people and _____ (relationships / relation), and they spend a lot _____ (of / in) time in mellow _____ (dramas / dramatic) scenes or _____ (crying / cried) a lot, that is not _____ (somewhere / something) that regularly holds my _____ (interest / interesting). So those are the _____ (kid / kind) of shows that I don't _____ (regularly / regular) see. But when they are _____ (interesting / intense) mixes, I give them a _____ (shout / shot).
