

Hello, my name is Tony. I'm \_\_\_\_\_ (from / on) the UK. And my question is, what is a \_\_\_\_\_ (businesses / business) that you would like to \_\_\_\_\_ (starting / start)?

Well, I am a huge and \_\_\_\_\_ (passion / passionate) fan of music and in particular \_\_\_\_\_ (life / live) music, so I would love to \_\_\_\_\_ (open / opening) my own live music venue. It'll be a small one \_\_\_\_\_ (hear / here) in the city that I live, probably only about 200 or 300 people maximum. We'd have \_\_\_\_\_ (band / bands) four or five nights a week. Of course, there'd be a bar, but it'll be a \_\_\_\_\_ (real / really) hub for the local music \_\_\_\_\_ (seen / scene).

I think it's really \_\_\_\_\_ (important / importance) for every city, every area to have a really vibrant local \_\_\_\_\_ (music / musical) scene. It's a really good creative place to be. I would invite bands from all \_\_\_\_\_ (out / over) the country and, if I could, \_\_\_\_\_ (further / farther) afield, so any touring bands from \_\_\_\_\_ (other / another) countries as well. Just good live music, all kinds of genres, four or five \_\_\_\_\_ (night / nights) a week. And that would be my \_\_\_\_\_ (ultimate / ultimatum) dream business.
