

Hello, my name is Grace. I'm from South Africa. And what is _____ (something / someone) fun we can do in my _____ (arena / area)?

I would say that is going to quiz _____ (nightly / nights). I live in a really gorgeous area that's got so _____ (much / many) restaurants, and it's got a really _____ (lovely / love) feeling. Fortunately, not really where people go clubbing, but for the _____ (most / many) part, it's sort of a calm but fun _____ (places / place) to be. And I absolutely love _____ (go / going) to quiz nights. There's a quiz. There are at _____ (least / last) two that I know _____ (it / of). And there are lots of other themed _____ (nights / night) at the restaurants, but I love going with my _____ (friends / friendly) and my siblings. And we do _____ (quite / quiet) well, but it's not really about _____ (windy / winning). When we do win, it's nice, but it's _____ (rarely / really) just fun to be there with loads of other people _____ (having / have) a good time and then just going _____ (house / home).

So quiz nights in my area are _____ (funny / fun).
